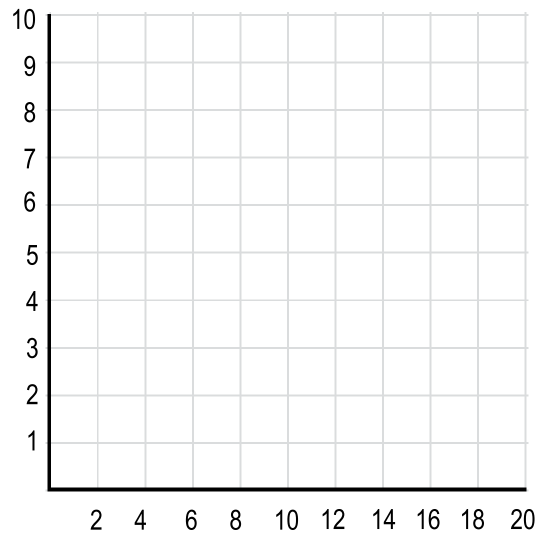
TOPIC: INDIVIDUAL SUPPLY AND MARKET SUPPLY

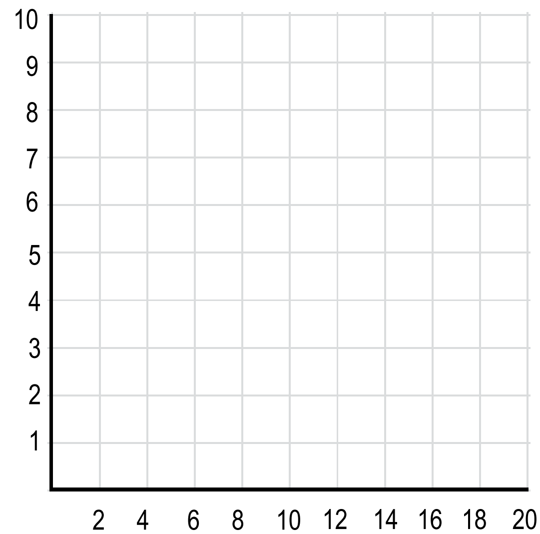
- Every producer has their own ***individual supply curve.*** This denotes the quantity they would supply at each price.
  - □ The ***market supply curve*** is created from the _______________ of all the individual supply curves.

Price of a Supreme Pizza ($)	Papa Yum's Quantity Supplied		Dominope's Quantity Supplied		Market Supply
2	2		0		
4	5		1		
6	8		2		
8	11		3		
10	14		4		

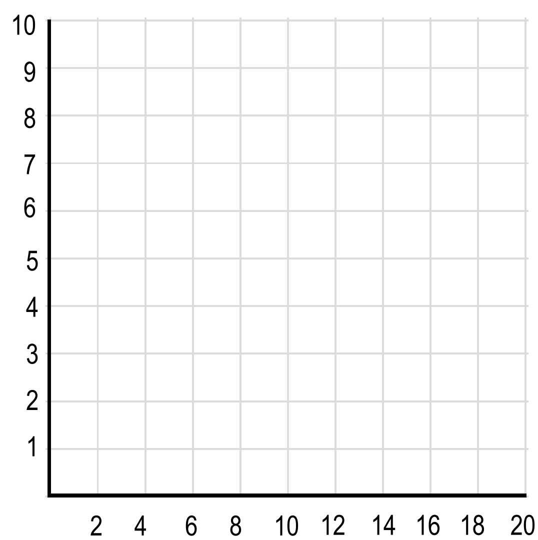
Papa Yum's Supply



Dominope's Supply



Market Supply



When asked to find the market supply:

- Sum all the individual supply curves
